YEAR 4

MATHEMATICS MENTAL PAPER

TIME: 15 minutes

Teacher's Paper

Guidelines for the conduct of the Mathematics Examination – Mental Paper

1. Words written in **bold** should be **emphasised**.
2. Read, **loudly and clearly**, each question twice in succession, and then allow 5, to 10, to 20 seconds as the test progresses through the three sections.
3. Access to rough paper for working out answers is **not allowed**. Any working on the answer sheet, however, will not be penalised.
4. The questions should be read out in **English** and **no code-switching/mixing is allowed**. Code-switching is permitted **only** for giving pupils instructions.
5. Before starting the test, read out the following instructions, using **exactly these words**:
 - *I will read out each question twice. Listen carefully both times. You will then have time to work your answer.*
Se naqralk kull mistoqsija darbtejn wara xulxin. Ismagħni sew. Wara jkollok il-ħin biex twegibha.
 - *If you make a mistake, cross out the wrong answer and write the correct answer next to it.*
Jekk tieħu żball f'xi risposta, aqtagħha u ikteb ir-risposta t-tajba ħdejha.
 - *You will not be allowed to ask any questions once the test has started.*
Ma tistax tistaqsi mistoqsijiet hekk kif jibda t-test.
6. At the end of the test, read out the following instructions, **using exactly these words**:
 - *The test is finished; put down your pens.*
It-test spicċa; poggi l-bajrow fuq il-mejda.

MENTAL PAPER

'For this group of questions, you will have 5 seconds to work out each answer and write it down.'

'Għal dawn il-mistoqsijiet li ġejjin, għandek 5 sekondi biex taħseb u tikteb kull risposta.'

1	What is four times five ?
2	How many vertices does a sphere have?
3	How many sides are there in a hexagon ?
4	How many grams in half a kilo ?
5	Write in figures one thousand and four .

'For the next group of questions, you will have 10 seconds to work out each answer and write it down.'

'Għal dawn il-mistoqsijiet li ġejjin, għandek 10 sekondi biex taħseb u tikteb kull risposta.'

6	What needs to be added to six to make eighteen ?
7	What is the total of ten , eight and two ?
8	What is half of forty ?
9	Round thirty-eight to the nearest ten .
10	Divide forty by four .
11	How many centimetres in two metres ?
12	What is twenty-one multiplied by ten ?
13	What is double twenty-four ?
14	What is the difference between one hundred and four and twenty-four ?
15	What is ten less than four hundred and five ?

'For this group of questions, you will have 20 seconds to work out each answer and write it down.'

'Għal dawn il-mistoqsijiet li ġejjin, għandek 20 sekonda biex taħseb u tikteb kull risposta.'

16	How many ten euro cent coins do I need to make two euro ?
17	Half of a number is eight . What is the number?
18	Which is the largest : three quarters , one half or one quarter ?
19	John has breakfast at quarter past eight . He takes fifteen minutes to finish. At what time does he finish breakfast?
20	Tim faces North . Then he turns one right angle clockwise . Which direction is he facing now ?
