TESTIMONIAL

Job Shadowing in Fiorano Modenese1, Italy

26th and 30th January 2026

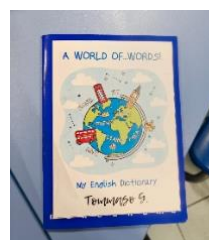

Between the 26th and 30th January 2026, I participated in an Erasmus+ job shadowing experience in Fiorano Modenese, Italy. During this mobility, I had the opportunity to observe engaging and innovative lessons that integrated multiple subjects while promoting active learning.

One of the activities observed was storytelling based on the book *“Vietato agli elefanti”* (“Not Welcome to Elephants”). The lesson focused on inclusion and discussion, encouraging pupils to reflect on themes of belonging and acceptance. Students were actively involved in sharing ideas and expressing their thoughts, creating a meaningful and reflective classroom atmosphere.

Another interesting lesson was a cross-curricular English and Maths activity with Year 4 pupils. Working in groups, students were assigned a meal (breakfast, lunch, or dinner) and given a budget in euros. They first listed ingredients in English, using dictionaries when needed, and then calculated the total cost of their shopping without calculators before “paying” for the items. The activity effectively combined language development, numeracy skills, and teamwork.

This experience enriched my professional practice, providing practical strategies that I look forward to implementing in my own classroom.
